

Expression of Interest to Purchase Structural Fill, Soil and Mulch Products

15th May 2023

Eclipse Soils is seeking Expressions of Interest from organisations wishing to purchase Structural Fill, Soil and Mulch Products from the Abercrombie Road Resource Recovery Centre in Postans.

Product Details

The following products will be available for purchase as part of the EOI:

Structural Fill: PSD 10-20% passing 0.075mm – 5000 t

Uses: Structural Fill (generally used below 2m depth), embankment fill, landscaping bunds, loam component for Water Retentive Soils.

Structural Fill: PSD 20-40% passing 0.075mm – 25,000 t

Uses: Structural Fill (generally used below 2m depth), capping layer in rehabilitation, lining of swales, sumps and dams. Clay component of Water Retentive Soils. Direct soil amendment for sandy agricultural soils to increase water and nutrient retention.

Blended Topsoil: AS4419 Compliant – 5,000m³

Uses: Growing media for garden beds or turf areas. Specially formulated for water retention and nutrient retention. Promotes healthy plant establishment and vigorous growth.

Aquamor Mulch: AS4454 Compliant – 2,000m³

Uses: Long lasting chunky mulch with minimum 5 year product life. Highly effective at suppressing weed growth and reducing irrigation demand.

Woodland Mulch: AS4454 Compliant – 2,000m³

Uses: Mulch for suppressing weed growth and reducing irrigation demand.

Product Testing

All products are independently tested by NATA accredited laboratories in accordance with Eclipse Soils' comprehensive Quality Control Plan to ensure products meet the following requirements:

Environmental Testing: All products are tested to meet Ecological Investigation Levels (EILs). EILs are the most stringent environmental criteria which ensures products are environmentally fit-for-purpose.

Geotechnical Testing: Structural Fill products are tested to meet the listed specifications and ensure they are geotechnically fit-for-purpose.

Australian Standards: Soils products are tested to meet Australian Standard AS4419. Mulch Products are tested to meet Australian Standard AS4454.

All testing is available upon request.

Expression of Interest Process

Expressions of Interests are to be sent to info@eclipsesoils.com.au by COB 31st May 2023.

Purchase agreement to be finalised by COB 15th June 2023.

Products to be collected prior to 31st July 2023 (campaigns extending beyond this date can be negotiated).

Load out of products will be provided by Eclipse Soils.
