SOILS

BLACK MULCH
PRODUCT CODE - ESBLM

FAST FACTS

← Ideal maintenance mulch

← AS4454 Compliant

← Free of weeds and pathogens

← Dark colour provides excellent contrast to highlight plants

PRODUCT SPECIFICATIONS

← Meets Australian Standard AS4454

← Pathogen free, dieback tested

← 100% recycled organic content

APPLICATION

← Fantastic for maintenance projects or where a dark colour is required to help plants stand out in garden areas.

HOW TO USE

1. Apply weed control
2. Water soil well before applying
3. Apply evenly to ground at 75-100mm depth
